DESCRIPTION OF CONVERSATION

Eddie Sloan returned a call I had made earlier during the day. I requested that he provide additional information referenced in North American Galvanizing Company's (NAGC) April 8, 1999 response to the Notice of Violation (NOV) dated March 26, 1999. A RCRA Compliance Evaluation Inspection (CEI) was performed at NAGC on March 25 and 26, 1999.

The information that I requested that Eddie send included:

- A copy of the Waste Analysis Plan (WAP) for the preflux filter cake
- Hazardous waste determinations for : caustic sludge, caustic rinse sludge, and refractory bricks
- A copy of the renotification form sent to MDNR
